

STEPNletterVI/6

“Calculating the Full Cost of Toxic Pesticides (Part II)”

FOOTNOTES

1 For more about **Love Canal and Lois Gibbs**, see <www.chej.org>. Her group - Center for Health, Environment and Justice - is committed to “building strong, healthy, and safe communities.” They offer information and action on various toxics issues, including about current problems with the U.S. Superfund program.

2 For more about **9/11 Ground Zero toxics pollution**, and the impact on first responders, workers, and residents, see <www.counterpunch.org/orkin10162004.html>, <<http://dir.salon.com/story/news/feature/2003/08/15/dust/index.html>>, <www.jems.com/terrorism-wmdresponse/articles/233943>, and <[http://elandslide.org/preview.cfm?term=September 11 Cleanup](http://elandslide.org/preview.cfm?term=September+11+Cleanup)>

3 For more about the warnings to Congress about the **U.S. vulnerability to terrorist attacks on chemical plants**, see <www.emergency.com/2005/chem_atk2005.htm>

4 **Environmental and Economic Costs of Pesticide Use**, David Pimentel, et al, Bioscience, Vol. 42, No. 10, 1992. The content can be viewed at <http://www.healthyworld.org/pestic_costs.html>
